LinkedIn | GitHub

SUMMARY

Detail-oriented B.E Computer Science student with a strong focus on Java development and backend systems. Experienced in building database-driven applications and applying OOPS principles. Quick learner with problem-solving skills in algorithms and logical reasoning.

EDUCATION

Hindusthan College of Engineering and Technology, Coimbatore 2023–2027
B.E in Computer Science and Engineering **CGPA: 7.88**

Sathya Saai Matric Higher Secondary School 12th Grade
HSE 80%

TECHNICAL SKILLS

Programming: Java , Python, JavaScript, C, SQL.
Web Technologies: HTML, CSS, Springboot.
Tools & Frameworks: Flask, Git, GitHub, VS Code.
Core Competencies: OOPS, DBMS, DSA, OS, NETWORKS, ML.
Soft Skills: Time Management, Teamwork, Flexible , Optimistic.

INTERNSHIP

Java Developer Intern 25/06/2025 – 25/07/2025
Emglitz Technologies

- Developed a Blockchain E-Voting System with secure voting and modular code design.
- Applied OOP principles, including Inheritance, Polymorphism, and Encapsulation, for backend modules.
- Integrated MySQL for secure and persistent vote storage and retrieval.
- Performed debugging and testing to ensure the integrity and reliability of the system.

PROJECTS

Phishing Website Detection Using Hybrid Machine Learning *Python,ML, Flask*

- Developed a phishing website detection system using a hybrid CatBoost and AdaBoost machine learning model.
- Converted website text into numerical features using TF-IDF vectorization for classification.
- Combined classifier probabilities through equal-weight soft voting to classify websites as phishing or legitimate.
- Built a dashboard using HTML, CSS, and JavaScript to display prediction results and confidence.

Personal Portfolio Website *HTML, CSS, JavaScript*

- Built a responsive website to showcase academic achievements and projects.
- Used CSS Flexbox and Grid layouts for a seamless cross-device experience.
- Added JavaScript for interactive UI features, including smooth scrolling and form validation.

School Management System *Java, Spring Boot, MySQL, HTML, CSS, JavaScript*

Developed a web-based School Management System to manage student records, attendance, staff information, and academic details. Implemented CRUD operations and database integration to ensure efficient data management and provide a user-friendly interface. “‘

CERTIFICATIONS & ACHIEVEMENTS

- **Java Programming Certification:** Completed comprehensive training in Core Java and backend logic.
- **Web Development Workshop:** Participated in a hands-on 2-day workshop on modern frontend frameworks.
- **Academic Achievement:** Ranked within the top 10% of the batch with consistently high CGPA.
